

# Request for transcript

Transcripts are available for certain proceedings in NCAT's Administrative and Equal Opportunity Division, Occupational Division or Appeal Panel. A transcript is only available where:

- A transcript has already been prepared at the request of a member
- Part of the proceedings were heard in confidential session and therefore no sound recording is available. A transcript of the public part of the hearing can be ordered.

Only parties to the proceedings or their representatives may request a transcript. A minimum deposit is payable on the lodgement of this request. You will be advised of the balance payable when the transcript is ready for collection.
